DENTISTRY EXPERIENCE

- 2014-present **Equine Dental & Veterinary Care, Private Practice.**
Belgium, the Netherlands, Germany
DVM, Equine Dental Vet

In January 2014 I officially started my own practice in equine dentistry. From Oud-Turnhout, Belgium I travel to Germany every Monday to examine and treat horses. Every Tuesday I work stationary at Burg Müggenhausen, equine clinic. Here I perform general and more advanced treatments including oral surgery. Patients are sent to the clinic as referrals or are referred by myself to work on under clinical conditions. Almost all surgeries are performed on the standing sedated horse.

During the rest of the week I mostly work in the southern part of the Netherlands and the Belgian border region. Here I perform dentistry as an ambulatory dental veterinarian. There are several equine clinics in the area with which I work together. They call me to work on their referral cases and I can bring in my own patients for advanced treatments.

In 2015, I treated about 800 horses ambulatory and 200 within a clinic.

- 2012-2014 **Burg Müggenhausen, Pferdeklinik.**
Weilerswist, Germany
DVM, Equine Dental Vet

Worked as a veterinarian and a dental specialist within this clinic. Dental treatments included balancing, oral extractions on the standing horse, minimal invasive trepanation and buccotomy, periodontal treatment including diastema. oral endoscopy, sinoscopy and minor head surgery. Next to dental work, I gained experience in general anesthesia and the veterinary management of a large equine hospital.

- 2002-2012 **Equine Dental Care, Private Practice.**
Belgium, the Netherlands
Equine Dental Technician

Worked as a horse dental technician during my veterinary education. Standard procedures included oral examinations and floating molar tables to progress

balance and occlusion. Treatments were performed both with general dental floats and power equipment and if necessary incisor adjustments were applied. Work was performed without sedation or, more often, in collaboration with different veterinarians. After graduation I worked in a Dutch equine practice for 2,5 years where I took care of all their dental patients next to doing other ambulatory work.

POSTGRADUATE DENTAL EDUCATION

- 2015 **Visit Klinik für Pferde, Tierärztliche Hochschule Hannover**
Hannover, Germany
Spread through the year I visited Dr. Astrid Bienert for six days and watched her and colleagues perform dental and sinus examinations, treatments and surgery.

- 2015 **Visit Pferdefit Dental Praxis Stoll**
Hohenstein, Germany
Was invited by Dr. Manfred Stoll to attend a day of endodontic training together with other equine dental veterinarians. Also, we practiced re-implantation of a cheek tooth after extraction and endodontic treatment.

- 2015 **Visit Veterinary Faculty of University Ghent**
Ghent, Belgium
Spread through the year I visited Dr. Lieven Vlaminck for four days and watched him perform dental examinations, treatments and surgery.

- 25-26 **Diseases of the equine head for the practitioner**
Sept 2015 *Hattersheim, Germany*
Two day course with lectures and wetlab on different diseases and treatment of the head, eye and mouth of the horse.

- 01-03 **ECVS Congress**
July 2015 *Berlin, Germany*
Annual meeting with lectures and a wetlab day on mandibulofacial surgery.

- 12-13 **NVVGK Congress (Dutch Equine Dental Association)**
June 2015 *Egmond aan Zee, the Netherlands*
Two day meeting with lectures on equine dentistry.

- 06-07 **ECVD Congress**
June 2015 *Ghent, Belgium*
Two day meeting with lectures on equine dentistry and a wetlab on restoration of infundibular defects.

- 07-08-09 **IGFP Congress**
March 2015 *Niedernhausen, Germany*
Three day meeting with lectures on equine dentistry and a wetlab day on sinus disease and treatment.

- Winter 2014 **Visit Klinik für Pferde, Tierärztliche Hochschule Hannover**
Hannover, Germany
 Visited Dr. Astrid Bienert for two days and watched her perform dental and sinus examinations, treatments and surgery.
- Fall 2014 **Visit Veterinary Faculty of University Ghent**
Ghent, Belgium
 Visited Dr. Lieven Vlaminck for two days and watched him perform dental examinations, treatments and surgery.
- 2014 **Visit Pferdefit Dental Praxis Stoll**
Hohenstein, Germany
 During the year I visited Dr. Manfred Stoll for two days and watched him perform dental examinations, endodontic treatments and tooth extractions.
- Fall 2014 **Second part of the practical exam of the NVVGP**
Winterswijk, the Netherlands
 Past the second part of the practical exam of the NVVGP to become one of the first Dutch certified equine dental practitioners.
- 28-11-2014 **Dutch Equine Conference**
Arnhem, the Netherlands
 Three lectures on periodontitis, EOTRH and tooth fracture repair by Dr. Lieven Vlaminck.
- 29-09-2014 **Najaarsdag NVVGP**
Rhenen, the Netherlands
 Meeting with various lectures on equine dentistry.
- 30-08-2014 **EVDI Congress: Radiography and radiology of the equine head**
Faculty of Veterinary Medicine, Utrecht, the Netherlands
 Lecture and discussion by Dr. Renate Weller.
- 23-24
 July 2014 **BEVA/EVDC Advanced Dentistry Techniques Wetlab and Equine Dentistry and Imaging Research Symposium**
University of Bristol, Langford, Bristol, UK
 Wetlab on periodontal disease and endodontic treatment and on infundibular cavity restorations. Symposium on different equine dentistry topics.
- 15-16
 March 2014 **IGFP Congress**
Niedernhausen, Germany
 Two day meeting with lectures on equine dentistry.
- 11-03-2014 **Sinus Disease and Surgery**
Klinik für Pferde, Tierärztliche Hochschule, Hannover, Germany
 Evening meeting with lectures on sinus surgery.

- Fall 2013 **Theoretical and first part of the practical exam of the NVVGP**
Zorgvlied, Lienden, the Netherlands
 Past the written and first part of the practical exam of the NVVGP to become a certified equine dental practitioner.

- 2013 **Visit Pferdefit Dental Praxis Stoll**
Hohenstein, Germany
 During this year I visited Dr. Manfred Stoll for three days and watched him perform dental examinations, endodontic treatments and tooth extractions.

- 30-09-2013 **Najaarsdag NVVGP**
Zorgvlied, the Netherlands
 Meeting with various lectures on equine dentistry.

- Summer 2013 **Visit Equine Centre Langford, University of Bristol**
University of Bristol, Langford, Bristol, UK
 Visited the equine centre for four days and watched Dr. Henry Tremaine perform sinus surgery and dental treatments.

- 03-04 **CT of the Equine head**
 May 2013 *Pferdeklinik Duisburg, Duisburg, Germany*
 Lectures and case discussions on CT imaging for dental, sinus and neurological clinical cases.

- 12-04-2013 **Equine dental treatments: periodontal disease, infundibular caries, endodontics and extraction of incisors and canines.**
Eickemeyer, Tuttlingen, Germany
 Lectures and wetlab by Dr. Timo Zwick and Manfred Stoll.

- 09-10 **IGFP Congress**
 March 2013 *Niedernhausen, Germany*
 2 Day meeting with lectures on equine dentistry.

- 17-18-19 **Extraction course including MTE, MITR and teeth segmentation**
 January 2013 *Veterinärmedizinischen Fakultät der Universität Leipzig, Leipzig, Germany*
 Dr. Frank Schellenberger's course with lectures and wetlabs.

- 2010, 2011 **Equine Dentistry courses**
 2012, 2013 *Academy of Equine Dentistry, Glenns Ferry, Idaho, USA*
 160 hours of lectures and practical instruction in the field of horse dentistry. Certification February 2013.

- 18-11-2012 **Practice relevant topics on Equine Dentistry, BPT Congress**
Klinik für Pferde, Tierärztliche Hochschule, Hannover, Germany
 Meeting with lectures on equine dentistry.

- 23-24-25 **Extraction course including MTE, MITR and teeth segmentation**
 March 2012 *Faculty of Veterinary Medicine, Utrecht, the Netherlands*
 Dr. Frank Schellenberger's course with lectures and wetlabs.

- 12-09-2011 **Najaarsdag NVVGP**
Lienden, the Netherlands
Meeting with various lectures on equine dentistry.
- 31-03-2011 **Voorjaarsdag NVVGP**
Deurne, the Netherlands
Meeting with various lectures on equine dentistry.
- 05-01-2011 **Tooth extractions on the standing horse**
Veterinary Faculty of University Ghent, Ghent, Belgium
Lectures and wetlab on oral tooth extraction.
- 06-09-2010 **Najaarsdag NVVGP**
Lienden, the Netherlands
Meeting with various lectures on equine dentistry.
- 20-03-2010 **Voorjaarsdag NVVGP**
Lienden, the Netherlands
Meeting with various lectures on Equine dentistry.

PREGRADUATE DENTAL EDUCATION

- 2002-2009 **University of Utrecht, Faculty of Veterinary Medicine**
Utrecht, the Netherlands
DVM Graduation July 2009.
- 22-04-2009 **NEVA and BEVA Advanced Dentistry Wetlab**
Faculty of Veterinary Medicine, Utrecht, the Netherlands
Wetlab organized during Voorjaarsdagen International Congress.
- 2001, 2002 **Equine Dentistry courses**
Academy of Equine Dentistry, Glenns Ferry, Idaho, USA
160 hours of lectures and practical instruction in the field of horse dentistry including equine head and neck anatomy.

PRESENTATIONS/PUBLICATIONS/WETLABS

- 27-28-29
Nov 2015 **Extraction course including MTE, MITR and teeth segmentation**
Faculty of Veterinary Medicine, Utrecht, the Netherlands
Co-tutored during Dr. Frank Schellenberger's Extraction course.
- 14-10-2015 **IPV Tooth extractions on the standing horse**
Veterinary Faculty of University Ghent, Ghent, Belgium
Co-tutored during wetlab on oral dental extractions.

- 09-10-2015 **Toothday: ‘Equine tooth is there a truth’**
Proveto, Bunschoten, the Netherlands
 Gave lectures in Dutch on dental related fistula and incisor fracture treatment options.
- 07-06-2015 **Minimally Invasive Buccotomy and Screw extraction**
ECVD Congress, Ghent, Belgium
 Co-tutored during wetlab on MIB and screw extraction.
- 22-04-2015 **Equine dentistry in ambulatory practice (from routine procedures to the moment of referral)**
Voorjaarsdagen International Congress, Amsterdam, the Netherlands
 Gave a lecture in English for veterinarians on the way I work in ambulatory practice up to when I decide to continue treatment in an equine clinic.
- 30-09-2013 **Complications during and after cheektooth extraction**
NVVG, Zorgvlied, the Netherlands
 Lecture in Dutch for equine dental vets and technicians on complications during and after a tooth extraction.
- 03-10-2012 **Diastemata, causes and treatment options**
Pferdeklunik Burg Muggenhausen, Weilerswist, Germany
 Lecture in German for referring veterinarians on periodontal disease due to diastemata and treatment options.
- 29-04-2011 **Dentistry: Diseases of the elements and surrounding structures**
Voorjaarsdagen International Congress, Amsterdam, the Netherlands
 Gave a lecture in Dutch for veterinary technicians about diseases other than dental within the oral cavity.
